paid into the vehicle licensing board and to my knowledge specifically this bill was given to me by the vehicle licensing board and there board approved these changes and I have checked these changes with the new car dealers association of Nebraska and they approved these changes and to my knowledge it has no change in the operation. It just brings the words up to where both sides of the questions want it.

PRESIDENT: Do you feel that it is non-controversial.

SENATOR KELLY: There shouldn't be any controversial that I know of.

PRESIDENT: Stand by and lets have the Clerk read the title.

CLERK: Read LB880.

PRESIDENT: Alright, stand by. Senator Kremer, you were up first.

SENATOR KREMER: Mr. Chairman, I have no objection to the bill, in fact the bill came out of the committee with all six members who were present voting yes. Only at the time the bill was heard in the committee we were told that it ought to go along with 754 which is Carpenter's bill and that the two could perhaps be put together, now you may want to move it on Senator Kelly, and see if you can incorporate the two and put them together. I've been telling you what the department said that the two bills ought to go together.

PRESIDENT: Stand by. Senator Barnett.

SENATOR BARNETT: Mr. President, I'm not objecting right at the time but in our books I don't have pages 3 and 4 and I don't know how many other people are without the pages of this bill. I would move that we pass over this bill until we can get the pages.

PRESIDENT: Stand by, because you may be the only one... that doesn't seem fair to pass over unless....if it is just your book that is short pages here. Lets have one of the Pages go out and get you a bill. Stand by. It is Senator Kelly's bill. Stand by. Will one of the Pages respond to Senator Barnett's problem there. He is short some pages on this bill in his book. Senator Kelly, did you understand Senator Kremer's remarks here that this bill might be considered as a combination with 754?

SENATOR KELLY: It has been my understanding with telephone conversations with Mr. John Doyle and Mr. Bob McDowell, that this problem between those two bills have all been solved. That they want to move 880 and this is my complete understanding.

PRESIDENT: OK, has the title been....I think that the title has been read, there are no other amendments. Senator Cavanaugh you want some input here.

SENATOR CAVANAUGH: I would object until I have had the opportunity to check with those people.

PRESIDENT: OK, there are objections to 880 so we pass over 880. 713 a possibility? OK. Lets take a look at 713.
